OFFICE OF THE CHAIRMAN

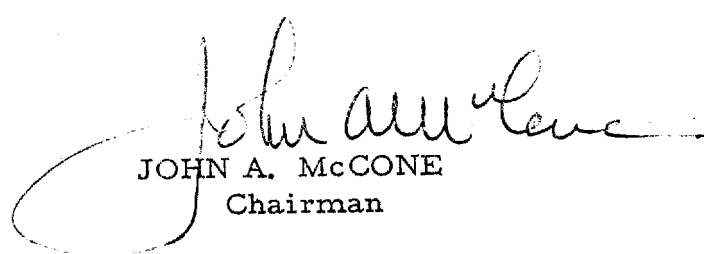

4 April 1962

MEMORANDUM FOR:

Members of the United States Intelligence Board

I raise the question as to the continuation of the Special Berlin Sub-Committee of USIB and I would appreciate each USIB member considering the subject so that we might discuss it at our next meeting.

In reviewing the Watch Committee reports, it appears the problems of Berlin are considered each week and that the observations of the Watch Committee which back up the final conclusion which is submitted to USIB, parallel to a considerable extent the findings of the Special Berlin Sub-Committee. This, therefore, raises the question as to whether we would not charge the Watch Committee with the Berlin task and thus eliminate the Berlin Sub-Committee.

JOHN A. McCONE
Chairman
